Mindfulness Workshops for Corporate Employees

MINDFULNESS

Mindfulness in simple terms means awareness. Practicing mindfulness allows us to be completely present in the moment. It can help reduce stress, anxiety, and conflict. It also increases resilience and emotional intelligence, and enhances workplace communication.

MINDFULNESS FOR EVERYDAY LIFE

Duration: 60 - 75 mins | Participants: 35 - 40

The objective of this 60-minute workshop is to introduce participants to skills that will help them cope with stress and facilitate a better quality of life. The workshop also includes a 20-minute life skill exercise in mindfulness, that with practice helps participants become more resilient.

Mindfulness has been linked to:

- Increase in emotional intelligence, empathy and self-regulation
- Improved conflict management and communication skills
- Greater awareness of one's own emotions
- More compassionate interactions with others
- Accessing your creative self

WORKSHOP STRUCTURE

Introduction to Mindfulness

This session introduces the concept of mindfulness and its multiple facets using illuminating examples and anecdotes. The session also introduces participants to the science behind mindfulness and how it really works.

Stress Management and Mindfulness

This session helps participants identify what causes stress at the workplace and its tell-tale signs. Participants are also introduced to the practice of mindfulness and how to implement it in everyday situations – both at work and in their personal lives.

Mindfulness & Building Resilience

This session opens up an interesting discussion about how the mind works in ways that are not always helpful to us in our day-to-day lives. Participants also take a closer look at how to overcome such unhelpful thoughts using mindfulness.

Mindfulness Exercise

This live session provides participants a first-hand experience of mindfulness and how to learn the life skill in order to become more resilient.
